## DIES NATURAL DEATH

GENERAL TREPOFF'S LIFE IS ENDED IN HIS CABINET AT PETERHOF.

RECALLS SINISTER PROPHECY

TERRORISTS PREDICTED THAT TREPOFF WOULD BE KILLED IN HIS OWN BED.

St. Petersburg, Sept. 17.—General Trepoft, feeling relieved of the trying duty of protecting his imperial master, who left last Thursday on a cruise to Bjorko, at 5 o'clock Saturday afternoon retired to his cabinet to rest and gave orders he should not be disturbed until dinner was served. When at 7:30 dinner was announced General Trepoft did not answer the call and finally a member of his staff at 8 o'clock knocked at the door of his cabinet. Receiving no reply, he entered and found the general lying stretched out at the foot of his couch with a newspaper in his hand, dead. It was plain that he had died shortly after he retired to the cabinet and had been lying for three hours where he fell. Although he died a natural death the threat of the revolutionists last winter that he would die not by being shot or blown up by a bomb, but would be killed in his own bed, was clearly brought to mind.

Arrangements for General Trepoft's funeral have not yet been drawn up. His widow is waiting for the arrival of relatives and also for the emperor's plans. He may be buried in the Alexander Ievsky cemetery.

General Orloff, who is General Trepoft's temporary successor, while Trepoft was taking a short rest recently, will be succeeded by General de Dioulin, ex-prefect of police of St. Petersburg, as temporary commandant of the palace, the emperor having telegraphed this order from Bjorko. The appointment, however, is in no wise permanent.

Dioulin Visits Peterhof.

General de Dioulin visited Peterhof Sunday and offered his condolence to Mme. Trepoft and later was present at a regium which was attended also by three of the grand dukes. He then had a long conference with Colonel Gherardi, a commandant at the palace, a grand nephew of the late Admiral Rear Admiral Bancroft Gherardi. The post of commandant of the imperial palace is a special appointment made by the emperor and always is held by a strong and loyal man. Among the candidates is Gen-

## STRENUOUS EFFORTS

BEING MADE BY THE PALMA GOVERNMENT TO RESTORE PEACE IN CUBA.

BY THE TIME TAFT ARRIVES

PRESIDENT OF CUBA HOPES TO BE ABLE TO SAY THAT THE WAR HAS ENDED.

Havana, Sept. 17.—The government is making final strenuous efforts to restore peace in Cuba and thus avoid any kind of American intervention. The object of these endeavors, it is said, is that it may be able to say by the time Secretary of War Taft and Acting Secretary of State Bacon arrive that peace already has been secured and therefore there is no need for the American government's intervention, either to restore peace or to insure permanent tranquility.

Members of the government informed the Associated Press that they are making the effort in accordance with the advice contained in President Roosevelt's letter that they have no objection to the friendly assistance of the United States in the matter, if it becomes necessary, but that they believe they can settle it between the government and the revolutionists, without the necessity of any intervention.

Fair Prospects of Success.

At least, they say, they are making an attempt to accomplish this end unaided and with fair prospects of success.

This is the latest phase of a rapidly changing situation that developed late Sunday afternoon when an extraordinary gazette was issued containing a decree signed by President Palma on the recommendation of the secretary of public works, Montalvo. The decree follows:

"All campaign operations are suspended and in consequence the government forces will act only on the defensive throughout the republic. The secretary of the interior will issue all the necessary orders for the execution of this decree."

The decree caused great surprise, as it was believed to signify a change of heart by the government officials, who for the past two days have been strongly against taking up peace overtures with the emissaries of the revolutionists.

The Associated Press learns that Sunday's action had its beginning by General Menocal's renewed effort in visiting Secretary Montalvo and urging him to make the strongest possible endeavor to induce President Palma to comply with President Roosevelt's advice and avoid the consequences of intervention by requesting a truce and endeavoring to have the Cubans themselves come to an agreement.

Visited Alleged Conspirators.

Secretary Montalvo and General Menocal first visited Jose Miguel Gomez and others of the alleged conspirators in the prison and found them willing to co-operate in securing peace. The basis of peace was not discussed in any detail, but Secretary Montalvo returned to the palace and urged President Palma to consider the matter. The president called a conference for Sunday afternoon, which was attended by the cabinet ministers, Vice President Mendez Capote, General Freyre Andrade and Senator Dolz. The result of the conference was the issuance of the decree suspending government campaign operations.

After the decree was issued government emissaries were dispatched in automobiles to confer with the revolutionists. General Menocal, accompanied by Congressman Gobin and Garcia Vieta, the youngest son of Calixto Garcia, drove in the direction where Alfredo Zayas was encamped with Castillo's forces, not far from Santiago de las Vegas, and others went to Guanajay, which place Sunday afternoon was occupied by a big band of revolutionists under Congressman Campos Marquetti. The latter had Mayor Galles and the 200 volunteers defending the town cooped up in a carcel and surrounded by a swarm of insurgents. The mayor up to Sunday evening had defied Campos Marquetti and was still holding out when the peace emissaries arrived. Meanwhile Campos Marquetti was threatening to blow up the carcel with dynamite.

Rebels' Acceptance Doubtful.

Much doubt is expressed as to whether the rebels will accept peace proposals which do not include elections for places of senators and congressmen elected last December.

The mayor of Guanajay arrived in

Havana Sunday night. He said that he with thirty police took refuge in the city hall, which was then surrounded by 300 men belonging to the forces of Carillo and Campos Marquetti. The revolutionists left the town for a brief period and in the interim 200 volunteers obtained provisions and he was ready to withstand a siege. The mayor and the police, however, offered to quit the building on condition that they would be allowed to depart, but when they emerged from the city hall all were made prisoners.

Campos Marquetti has not yet responded to the peace propositions sent to him.

The new situation was received at the hotels and clubs with blank surprise. Here it was considered that the arranging of peace without the guarantee of the United States behind it would be an unwelcome outcome, it being feared that the future tranquility of the island would not be assured. Since the publication of President Roosevelt's letter hope had been expressed that the United States would be a strong factor in arranging for Cuba some better, cheaper and less elaborate form of government and a reduction in tariffs which would reduce the cost of living to a reasonable basis.

Although the opinion on the subject is very vague, the general conviction seems to prevail that Secretary Taft will take a friendly hand in the negotiations for peace.

Traffic Again Impeded.

No other encounter than that resulting in the capture of Guanajay was reported Sunday. Traffic is again impeded on the Western railroad. The revolutionists will not permit repairs to be made on the Caladazar bridge. The railroad employees who were captured by the revolutionists have been released.

Pino Guerra's force has not yet approached Havana province. It is much depleted and is moving slowly eastward. Owing to extremely meager wire facilities, little is known concerning the situation in Santa Clara, except that Arroyo Blanco's 50 cavalrymen defeated 100 mounted revolutionists belonging to the forces of Senor Canizares, ex-speaker of the house, killing several men and capturing arms, ammunition and supplies. The government forces continue to be strengthened.

Vice President Mendez Capote said Sunday night that nothing had been decided upon which to base peace negotiations. This was being discussed by representatives of the Moderates but the results will not be made public until further conferences have been held. It was said that by the time of the arrival of Secretary Taft a permanent adjustment of the difficulties would have been made and ready for Mr. Taft's consideration.

BATTLESHIPS IN READINESS.

Will Be Prepared to Go to Cuba if Necessary.

Washington, Sept. 17.—It was announced at the navy department Sunday night that the battleships Louisiana, Virginia and New Jersey have been ordered down the Atlantic coast on a shaking down cruise and that they have been directed to keep in communication with the government at Washington by wireless telegraphy and in the event of an emergency arising they will be sent to Havana. It was also stated that the cruisers Tacoma and Cleveland have sailed from Norfolk, Va., and that the cruisers Minneapolis and Newark will follow them. The Minneapolis and Newark carry about 700 men altogether and the Tacoma 170.

Should all these vessels go to Havana the navy would be able to land a force of 4,000 men in Cuba by Wednesday or Thursday, if any developments should occur rendering such action necessary. Final instructions will be given the Cleveland and other vessels when they reach Key West.

The Cleveland's sailing from Norfolk navyyard occurred Saturday, while the Tacoma left Sunday. The Louisiana and Virginia left Newport Saturday after hurriedly coaling. The New Jersey sailed from Boston.

TAFT STARTS FOR CUBA.

Secretary of War Begins His Journey to the Island.

Washington, Sept. 17.—Secretary Taft and Assistant Secretary of State Robert Bacon left Washington Sunday at 3 p. m., over the Atlantic Coast line for Tampa, Fla., to embark on a naval vessel there for Havana, in accordance with the instructions of President Roosevelt, to ascertain the exact political situation in Cuba. Other members of the party were Frank G. Rockwood, stenographer to Secretary Taft, Henry Newcomb, private secretary to Assistant Secretary Bacon, Captain F. R. McCoy, the president's military aide, F. L. Cairns, surveyor of the port of Manila; Jose M. Machias, a Spanish interpreter from the insular bureau, and two messengers. Mr. Cairns formerly lived in Cuba, his stepfather being a Cuban, and accompanies Secretary Taft at his

COAL MINERS TO STRIKE.

Three Thousand Men in Indiana Called Out.

Terre Haute, Ind., Sept. 17.—Orders were issued Sunday calling out all the men employed by the Vandallia Coal company. The action was taken by the district officials of the United Mine Workers and was the result of the failure to adjust differences growing out of the discharge of three men at Vandallia Mine No. 5, near Lincoln. The Vandallia company employs 3,000 men, about one-fifth of the miners in the state.

The executive board of the mine workers and the officers of the Indiana Bituminous Coal Operators' association begin a joint meeting here Saturday, which was not concluded until early Sunday morning. An executive session of the mine workers was held Sunday as a result of which a suspension of work was ordered.

**ARE YOU WRETCHED IN BAD WEATHER?**

Keeping the Kidneys Well Has Kept Many Brainerd People Well  
Many Brainerd people find that bad weather brings on a dull pain in the back, or rheumatic aching, neuralgia, nervousness, irritability and weakness. If, when you get wet or take cold, it "settles on the kidneys," and there is a shivery, chilly sensation in the back, it shows kidney weakness, which is often the beginning of disease. Doan's Kidney Pills should be used persistently until the chilly feeling is gone, and the flow of urine is natural. Doan's Kidney Pills have saved Brainerd people much suffering.  
Mrs. J. A. Johnson, living at 611 10th St. S., Brainerd, Minn., says: "My husband's work brings a constant severe strain on the muscles of the back and it recently caused an attack of kidney trouble that became worse whenever he took cold. He suffered from backache and was so lame and sore that it was hard to straighten up or even to move about. There was also an irregular action of the kidneys. Seeing Doan's Kidney Pills advertised he got a box at H. P. Dunn & Co.'s drug store, and the treatment proved most beneficial, corrected the kidney trouble and removed the pain and lameness. I also used Doan's Kidney Pills myself, with the gratifying results. They certainly act quickly and surely."

**ACCIDENT NEAR FORT RIPLEY**  
Twenty-eight shot in One Leg and Fourteen in Other—Result of the Shooting.

Mack Tomlinson, of First Avenue Northeast, and a well known workman of the shops, is laid up as the result of a hunting accident yesterday morning. He and a brother-in-law, George Green, were out chicken hunting near Fort Ripley. The brush was thick and Green had lost sight of Tomlinson. Just then a chicken rose and Green hastily gave it the contents of both barrels and then discovered that he had bagged his partner. Tomlinson was behind a bush only about three rods away and received the charge in his legs. Twenty-eight shot struck one leg while the other received fourteen. The injured man was driven rapidly to town and taken to the home of his brother-in-law, Roy Warner and Dr. Thabes sent for, who dressed his wounds. He is resting easily today and the doctor expects a speedy recovery, although it was a close call.

**SOMETIMES IT DOES!**

**A Hearty Meal Should Never Annoy or Distress.**

A hearty meal should give a sense of gratification and comfort. It should never annoy or distress. If you have indigestion and discomfort after eating, it shows that your digestive organs are weakened and they cannot properly care for the food which has been swallowed. If you cannot eat and digest with pleasure and comfort three good square, hearty meals each day, you need to use Mi-o-na stomach tablets, and you should go to H. P. Dunn & Co., for a box at once.

Mi-o-na is as unlike the ordinary peppermint digestive tablet as the electric light is more valuable than a tallow dip. Mi-o-na cures indigestion or stomach trouble by strengthening and regulating the whole digestive system, thus enabling the organs to take care of the food you eat without any distress or discomfort.

Use Mi-o-na for a few days and the nervousness, sleeplessness, general debility and weakness, backache, loss of appetite, headache and other ills that are caused by indigestion will be banished and you will feel well all over. Mi-o-na makes positive and lasting cures and is sold under an absolute guarantee that the money will be refunded unless the remedy cures. Ask H. P. Dunn & Co. to show you the guarantee they give with every 50c box of Mi-o-na.

**WRECK BLOCKS THE "Y"**

Train was Moving Very Slowly Or Bad Smashup Would Have Been the Result

A car of crushed stone destined for the Sanatorium for Tuberculosis at Walker, undertook to traverse two tracks at the same time in the yards here today and as a result the passenger trains to and from St. Paul had to run up to the depot stern foremost, the "Y" being blocked. The car was on the M. & I. freight and the train was backing slowly up the track to couple up where it had been cut for the Broadway crossing, when one truck jumped the frog and started on another track, turning the truck around and throwing it off the rails. One end of the car tipped over and spilled out some of the stone and blocked the west lead to the "Y." Roadmaster Tyler put a crew of men at work at once to jack the car up and put it back on the track. Passenger traffic was not delayed in the least and the freight train went on with the disabled car.

**AMUSEMENTS**

Who Was "Quincy Adams Sawyer?"

The village gossips wondered who he was, what he was, what he came for, and how long intended he to stay. They were anxious to find out all this about a young lawyer from Boston named Quincy Adams Sawyer who had come to live at a small Massachusetts village for a year or so. A very successful book, which has its famous title from this young man's name, was written around Mr. Sawyer's doings in the country and around the village gossips who "wondered" all these things about him, and now the book in play form is to be elaborately produced here on Friday Sept. 21st at the Brainerd Opera House. A strong company of well known players appear in the production. It has proven "the best New England play ever written" during the successful run at the Academy of Music New York City.

**An Up to Date Performer**

There is nothing supernatural about the work of McEwen, the Great, who is to appear here this week. He is a scientist and accounts for everything he does upon the natural laws, and the facts, or whatever they may be called, he accomplishes may all be explained in a natural way. They are not of a character that gives one the creepy, crawling feeling and sends one home believing in ghosts, spooks, and the like. They are, however, more wonderful, because they are real, performed by a power which, tho we do not understand, is as fixed and as much a law of nature itself as the law of gravitation and other known forces.

Thus, while we suddenly see a woman disappear into space before our very eyes, we know she is human, material, and so governed by established natural laws that it is impossible for her to vanish in thin air. Yet, where does she go and how is the illusion produced. These are the questions to solve the mystery of which students will go nightly to the performance of the Great McEwen and return more mystified than ever. Each evening's entertainment winds you deeper in the toils until you are compelled to confess your self beaten and acknowledge the presence of a master.

While magic will constitute the major portion of the performance, still enough time will be given to hypnotism to thoroughly delight those enjoying this humorous exhibition and also prove to scientific minds his complete control of the highest forms of mental philosophy.

McEwen will be supported by a company of clever entertainers, including several head line vaudeville acts, etc., and his whole performance will be clothed in new and special scenery. He comes to the Opera House for three nights beginning tonight. Popular prices will prevail.

## STREET CARS COLLIDE

### SEVERAL MINOR ACCIDENTS

CRASH OF TRAINS IN OHIO RESULTS IN DEATH TO ONE AND INJURY TO THREE.

San Francisco, Sept. 17.—Two persons are dead, three are seriously injured, five sustained minor injuries and over a score of others received bruises and cuts in the collision of two heavily loaded electric cars Sunday afternoon. The dead are: William Pierson and John Gelp.

The seriously injured are Albert Johnson, contractor; Arthur Johnson and George English.

The accident occurred at Turk and Devisadero streets, where an east-bound Ellis street car became uncontrollable in descending the Devisadero street hill and crashed into a west-bound Eddy street car as it was turning from Turk in Devisadero. The car was packed with men and women on their way to the beach.

### TRAINS IN COLLISION.

Boy Killed and Three Other Persons Injured in a Wreck in Ohio.

Piqua, O., Sept. 17.—A railway collision took place at Piqua Sunday morning between a heavily loaded Pennsylvania freight and a Cincinnati, Hamilton and Dayton excursion train. The engine of the freight lost control of his engine and struck the Cincinnati, Hamilton and Dayton engine with terrific force, tearing it loose from the coaches and carrying it a distance of 200 yards, entirely across a bridge over the Miami river.

Lester Eicher, a twelve-year-old boy, residing at Trenton, O., jumped from the passenger train and fell under the wheels of the freight. He was instantly killed, while two other young men, one a brother of young Eicher, were slightly injured. A niece of Mrs. Joseph Burton, Newport, Ky., was seriously injured.

The Cincinnati, Hamilton and Dayton engine was completely disabled. It is claimed that had not the excursion engine become disengaged from the coaches, the entire excursion train would have been hurled into the river.

Winnipeg, Sept. 17.—A terrific dynamite accident happened Sunday afternoon at Chambers Bros., McQuigge & McCaffery's camp, eighteen miles from Kenora, down the Winnipeg river at the Big Rock cut, near the G. T. P. crossing. Three men were blown to pieces, fragments of the unfortunates being picked up forty feet away. The names of the victims are: Nels Longhill, foreman of gang; Lewis Peterson and Charles Hanson. It appears that the men had sprung a hole, and before it had closed off had commenced to load it, with fatal results to all. As far as can be learned the men were all single and aliens.

### TWO BIG CHECKS.

Found Among Papers of the Defunct Real Estate Trust Company.

Philadelphia, Sept. 17.—Two checks, one for \$250,000 and the other for \$50,000, drawn to the order of Joseph R. Wainwright, a wealthy retired merchant, and endorsed by him, have been found among the papers of the defunct Real Estate Trust company, which collapsed two weeks ago. Receiver Earle discovered securities amounting to \$260,000 in first 5 per cent bonds of the Standard Iron Mining and Finance company, one of Adolf Segal's enterprises, deposited as collateral for a loan of \$250,000 made to Mr. Wainwright. Accompanying the securities was a memorandum of President Hipple stating that he had taken the original note for renewal. Mr. Earle immediately called the loan, but counsel for Mr. Wainwright informed the receiver that Mr. Wainwright never received a cent of the money.

The transaction, Mr. Earle was told, involved an underwriting scheme and that Hipple handled the money. It was admitted, however, that Mr. Wainwright was to receive a bonus. Mr. Wainwright declined to pay the loan and Mr. Earle engaged District Attorney Bell as private counsel to bring suit for the recovery of the amount.

Unveiled Before a Large Crowd in the Hungarian Capital.

Budapest, Sept. 17.—Sunday was George Washington day in Hungary's capital and the entire population from morning until night gave itself up to enthusiasm over the unveiling on monarchical territory of a monument to the first president of the United States. ### Cured Hay Fever and Summer Cold

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success. H. P. Dunn & Co. coddw
